- Excellent project
- I learned some conversation in english
- The application of the CLIL methodology helps students to be more motivated.
- A very effective project planned to fulfill our school's needs. As far as I'm concerned, it has been the occasion to familiarize with the Erasmus+ platform and to collaborate to carry the mobilities forward. This collaboration made me feel very enthusiastic. The idea to set up an Erasmus program has been a springboard to work on the Europeanization of our school.
- It was very good for students and teachers.
- I think CLIL methodology course was interesting. What I liked most is that I could share methodologies, opinions, point of view about learning and teaching methodologies and school organization with other European colleagues.
- I like a longer course duration for this project
- It was a fantastic experience
- Excellent and positive projet
- It was a fantastic experience. I had the opportunity to meet and interact with colleagues from other countries. I would like to apply CLIL in my teaching methodology.
- I would do the project again with my eyes closed, it made me grow from a professional and also social point of view because we met with my colleagues outside of school and it was a great experience.
- Excellent positive projet
- To my mind, this project was very useful for us teachers to know new realities
- This project was wonderful because I grew up thank you for it and because I made new friends and I improved my English language skills
- È stata una bellissima esperienza che ci ha permesso di conoscere un'altra realtà, un'altra cultura, le abitudini francesi e di ampliare la nostra conoscenza delle lingue straniere
- I had the opportunity to observe new teaching approaches, improve my foreign language skills, know new educational contexts
